# Server Error in '/' Application.

## There is already an open DataReader associated with this Command which must be closed first.

**Description:** An unhandled exception occurred during the execution of the current web request. Please review the stack trace for more information about the error and where it originated in the code.

**Exception Details:** System.InvalidOperationException: There is already an open DataReader associated with this Command which must be closed first.

**Source Error:**

```
Line 24:                          <span
class="tarif">@tarif.TTCArrondi
<sup>@tarif.Indice</sup></span>
Line 25:                          <div
class="clear"></div>
Line 26:                          <span
class="description">@tarif.Description</span>
Line 27:                          </li>
Line 28:                      }
```

**Source File:** d:\_6TM\Komilfo\kidepann.fr\49\Views\Magasin\Pdf.cshtml     **Line:** 26
